Bel.la

A true classic is ageless over time.

The Bel.la door handle design, with a powerful presence and a traditional design is made in forged brass and a porcelain grip. This handle presents the “craquelé” technique, which consists of imitating the cracks that appear in works of art due to the pass of time, trying to give the same appearance to the handle. It is one of the simplest finishes but with a spectacular result.

Available in 6 finishes.
